

**Hydrogen Peroxide Solution (30 Per Cent) Ph. Eur.*
API Grade**

Peroxal® 30 PG

product code: 061

Testing specifications: Ph. Eur.* / LSM 061*
The material meets all requirements of Ph. Eur.*

Parameter	Ph. Eur.*	
	Specification	Test method
Characters	conforms Ph. Eur.*	Ph. Eur.*
Identity	A/B/C	Ph. Eur.*
Acidity	0,05 – 0,5ml 0.1N NaOH	Ph. Eur.*
Organic stabilisers	≤ 500ppm	Ph. Eur.*
Non-volatile residue	≤ 2 g / l	Ph. Eur.*
Assay	29,0 – 31,0%	Ph. Eur.*

Manufacturer: Arkema GmbH
Manufacturing Site: Kirchheimbolanden (Germany)
Manufacturing process: synthetic
Shelf life: 48 months in originally sealed containers
Storage conditions: see MSDS

The product is manufactured by Arkema in Kirchheimbolanden according to EU GMP Part II. Testing and repackaging is performed by Aug. Hedinger GmbH & Co. KG in Teutschenthal, Germany according to EU GMP Part II. GMP Certificates are available (Arkema and Hedinger).

Residual solvents (Ph. Eur.* 5.4 / ICH Q3C*):

The product complies with the requirements of the ICH Residual Solvents Guideline.

The product has no risk of contamination from BSE/TSE (bovine spongiform encephalopathy / transmissible spongiform encephalopathy) and GMO (genetically modified organism).

Every batch is analysed according to all parameters of this specification (except characters). The Certificate of analysis (COA) provides all results like above including release date, manufacturing date and residual solvents statement. All COAs are signed by a Qualified Person according to GMP.
